□ □ □ □ □ □ [About The Sponsor](#) □ □ □ □ □ □ □

Our webinars are based on independent research conducted by Callahan & Associates staff. The support of [MShift](#) makes it possible for us to research and produce webinars; however, the webinar is an independent event produced by Callahan & Associates.

MShift provides wireless banking solutions to financial institutions. Through MShift's products and services, financial institutions can seamlessly extend their online banking and bill pay solutions to all wireless devices, including cell phones and PDAs.

If you have questions visit our [Webinar FAQ](#) or call 800-446-7453

WEBINARS *Upcoming*

- June 15: [Peer for Experts](#)
- June 20: [Full Disclosure as a CU Advantage: The Risks and Gains from Transparency](#)
- June 21: [Is Mobile Phone Delivery the Next Breakthrough in Member Relationships?](#)

PUBLICATIONS *New*

***New!* Credit Union Percentile Ranking Report (PDF e-Document)**
 The *Credit Union Percentile Ranking Report* provides a quick, easy way to identify where your credit union stands today in relation to its asset-size peer group.

The report readily shows what level of performance would be necessary to be in a higher percentile and if your performance goals are realistic.
